EVERY COMMITTEE HAS A SOCIAL ACTION CONNECTION

COLLABORATE • EDUCATE • ADVOCATE • EMPOWER

Every committee does not have to create a completely separate Social Action program. The goal is to look at what the committee already does and identify the social action connection.

What community
issue are we
addressing?

Which Five Point
Programmatic
Thrust does it
support?

What education,
advocacy, civic
engagement, policy
awareness, or community
empowerment
component can we add?

Which committees
can partner so we
work together
instead of working
in silos?
